Heather told him that Andy and Rob were supposed to put together a list of what there was so it could be put out for bids. Dennis also mentioned to the Board that the memorial building will allow the pickleball group time at the memorial building in June but that's it and they would have to go to the County Commission to see about future use. Dennis also mentioned that the pickleball group asked about using the Bill Jerome on days when its raining or windy. Dennis also mentioned that the sewer at the Burdick backed up into the locker rooms so that had to be repaired and cleaned up.
